

Help for: Current Inmate Roster

The Current Inmate Roster is a list of all inmates in the Davis County Jail. The Current Inmate Roster only lists inmates with a current status of “Inmate”. Inmates currently in the process of “Booking”, “Book and Release”, “Transfer”, or who are not currently being housed at the Davis County Jail or at the Davis County Jail Work Center will not be listed.

Search Form

The Search Form allows the user to search for inmates with specified criteria. To see all inmates, leave all search fields blank, and select “All” arresting agencies.

Last Name

- This field is optional.
- This field is not case-sensitive.
- Description
 - The last name of the inmate.
 - Partial last name searches will also work. For example, if the last name that you would like to search for is “Doe”, you could just enter “Do”. Searching by “Do” would return all inmates with last name starting with *Do*, such as *Doe* or *Dolittle*.

First Name

- This field is optional.
- This field is not case-sensitive
- Description
 - The first name of the inmate.
 - Partial first name searches will also work. For example, if the first name that you would like to search for is “John”, you could just enter “Jo”. Searching by “Jo” would return all inmates whose first name starts with *Jo*, such as *John*, *Jon*, or *Joe*.

Date Booked

- This field is optional.
- The proper format for this field is “mm/dd/yyyy”.
- Description
 - The date that the inmate was booked on.
 - Date Booked may be different than the date arrested. For example, if an inmate was arrested late Monday night, they may not appear as booked until sometime Saturday morning.
 - Date booked will usually be within one day of date arrested.

Arresting Agency

- The agency that arrested the inmate, or that committed the inmate to Davis County Jail.
- The arresting agency select box only lists the names of arresting agencies for which there is currently an inmate in the Davis County Jail.
- The default selection is “All”.

Sort

- How the user wants the results to be sorted.
- Options include “Last Name”, “First Name”, “Date Booked”.

Results Paging

No more than 50 inmates are shown on a page. To handle results sets of more than 50 inmates, inmates are shown in groups of 50. To see a page of 50 inmates, click on the page number that you would like to see.

For example, if you search for inmates with the last name “Doe”, and there are more than 150 inmates with that last name, then the results would be broken into three sets of 50 inmates. Above the results will appear links such as: “[1](#) [2](#) [3](#)”. Clicking on “[1](#)” would take you to the first set of 50 inmates. Clicking on “[2](#)” would take you to the second set of 50 inmates. Clicking on “[3](#)” would take you to the third set of 50 inmates.
